The Honorable Patricia Dunn, Chair
Transportation Advisory Committee
Greenville Urban Area Metropolitan Planning Organization
Post Office Box 7207
Greenville, North Carolina 27835-7207

Dear Chairperson Dunn:

Pursuant to federal regulations (23USC134(h)(7)(B)) I am submitting a list of authorizations within your MPO counties that occurred during the 2009 federal fiscal year. The law states in part, "An annual listing of projects for which Federal funds have been obligated in the preceding year shall be published or otherwise made available by the metropolitan planning organization for public review." This law does not require that state funds be included in this list. However, we have included authorizations using solely state funds for your information.

The list we are submitting identifies the project number, date of the authorization, type of work, amount of work and whether it is state or federal funds. I would like to point out that this list includes every project within the counties that are in your MPO. Therefore, depending upon your MPO boundaries some of the projects on the list may not fall within your MPO's jurisdiction. There were some instances where all of the funds that were previously authorized was not needed. In these cases we removed a portion of the funding authorization and this negative value is denoted by parentheses.

If I can provide you with additional information, please let me know. Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "Calvin Leggett".
