

GREENVILLE RECREATION & PARKS DEPARTMENT GIFT CATALOGUE

2000 Cedar Lane
Greenville, North Carolina 27858

#841262

The Recreation & Parks Department's Gift Catalogue provides you with the opportunity to make a gift that will honor a person or organization, commemorate special occasions such as births, weddings, family reunions, a loved one, or demonstrate your support for our community.

The following items are examples of potential gifts with associated costs. These costs can vary, particularly with large items such as playground equipment, if the donor is interested in different models or styles. Note that all donated items must conform to our departmental standards for installation, commercial grade equipment, and type.

The gift of a tree represents a lasting tribute as it grows and flourishes through the years to come. Trees are an important resource. They produce oxygen, reduce carbon monoxide, add beauty and shade to our parks, and provide wildlife habitat.

In order to ensure that your Gift Tree survives and thrives, we will plant your tree at the horticulturally correct time for our region, November 1 to March 1. Trees will be 2" in caliper and from 8' to 10' tall, depending on species and availability. There are many species that are available for planting, including large trees such as live oak, nut tall oak, willow oak, white oak, deodora cedar, magnolia, or the smaller trees such as Kousa dogwood or flowering camellia.

COST: \$250.00

This includes the tree, a commemorative engraved brick mounted in concrete and a one (1) year warranty on the tree.
