Employees are encouraged to use the *Suggestion Management System Idea Sheet*, whenever they have an idea or a suggestion that they would like considered for implementation.

Whenever possible, the narrative section should include financial consideration, agency benefits, lists of all persons directly affected, and any other pertinent information that can be of use in evaluating the idea. Once designed or revised, all forms will be reviewed through the chain of command for final approval before implementation. Upon approval, the form will be assigned a Departmental form control number authorizing use of the form.
