# NOTES

TO: Honorable Mayor and City Council Members

FROM: Ann E. Wall, City Manager

DATE: April 25, 2018

SUBJECT: Materials for Your Information

Please find attached the following materials for your information:

- 1. A memo from Gary Fenton, Director of Recreation and Parks, regarding the sand volleyball project
- 2. A memo from Kevin Mulligan, Director of Public Works, regarding an update on the annual street resurfacing program and bond resurfacing
- 3. A memo from Mark Holtzman, Chief of Police, regarding a lighting and camera update
- 4. Greenville Red Light Camera Program Monthly Scorecard
- 5. A thank you note from Ciarra Dortche, ECU Social/Clinical Research Assistant, regarding the 2018 Spring Clean-up

Re:

Sand Volleyball Project

A few months ago I was contacted by a Greenville group interested in the development of a bank of sand volleyball courts on park land somewhere here in the City. The sport is growing, but in order to compete, local teams always have to travel to New Bern, Raleigh, Wilmington, Jacksonville and other distant locations.

None of the teams from those cities ever travel to Greenville to do so. At least not yet.

Members of the group would like the City to provide the land for this project in an existing park, and while they also hope we can support this initiative financially, they were willing to work to raise a significant portion of the cost.

Recreation and Parks has about \$23,500 in a special donation fund that was established following the dissolution of a local non-profit volleyball association, to ultimately help support some future volleyball project. This is a very appropriate project for these funds.

After examining various site possibilities, staff ultimately settled on Boyd Lee Park, since the park already has a sports focus, ample parking exists, required space for the project and possible future growth is available without negatively impacting current usage, and the project would "activate" an undeveloped area of the park.

The total project would include grading, drainage, fencing, nets and poles, signage, tournament quality sand, rinsing shower. Estimated cost is \$89,000. Lighting may be considered at a later time and maintenance costs will be relatively low.

While it is hoped that we can provide some level of funding beyond the \$23,500 that was previously gifted to the department, the group is working to identify additional funding through grants and other outside support.

Greenville Recreation and Parks staff will work with this group to establish a "parent association," expand sand volleyball opportunities to the general public, and host various tournaments to attract visitors and their economic impacts to Greenville.

Please let me know if there are any questions.

cc: Michael Cowin, Assistant City Manager

Subject:

Update of the Annual Street Resurfacing Program and Bond Resurfacing

The City of Greenville's road resurfacing work will resume later this Spring. The City Public Works Department maintains nearly 700 lane miles of roadway. Part of this maintenance includes resurfacing the roadways at the end of their useful life. This memorandum identifies the roads that have been completed since 2013 and presents those that are currently advertised as part of the 2018 road resurfacing contract.

The table below summarizes the lane mileage that has been completed since 2013.

Year	Lane Miles	Project	Amount	Funding Source
2013	9.6	Annual Resurfacing	\$700,000	General Fund/Powell Bill
2013	7.1	Preservation Pilot	\$190,000	General Fund/Powell Bill
2014	21.0	Annual Resurfacing	\$2,830,000	General Fund/Powell Bill
2015	6.5	Annual Resurfacing	\$910,000	General Fund/Powell Bill
2016	16.7	Arlington Boulevard	\$3,280,000	Bond
2017	28.2	Annual Resurfacing	\$3,200,000	General Fund/Powell Bill/Bond
TOTALS	89.1		\$11,110,000	

The above table indicates that the 2015 Transportation Bond funds have been used to improve roadways. The bond funds are being used to rehabilitate the City's roads with high daily traffic counts that are in poor condition. The following roadways have been addressed to date with the use of the bond proceeds:

Road	То	From
W. Arlington Blvd	Beasley	Hooker
E. Arlington Blvd	Red Banks	Fire Tower
Red Banks	Greenville	E. Arlington
Elm Street	14 <sup>th</sup>	Willow
1 <sup>st</sup> Street	Summit	Warren
Hooker	Greenville	Horseshoe
Oxford Rd	10 <sup>th</sup>	York

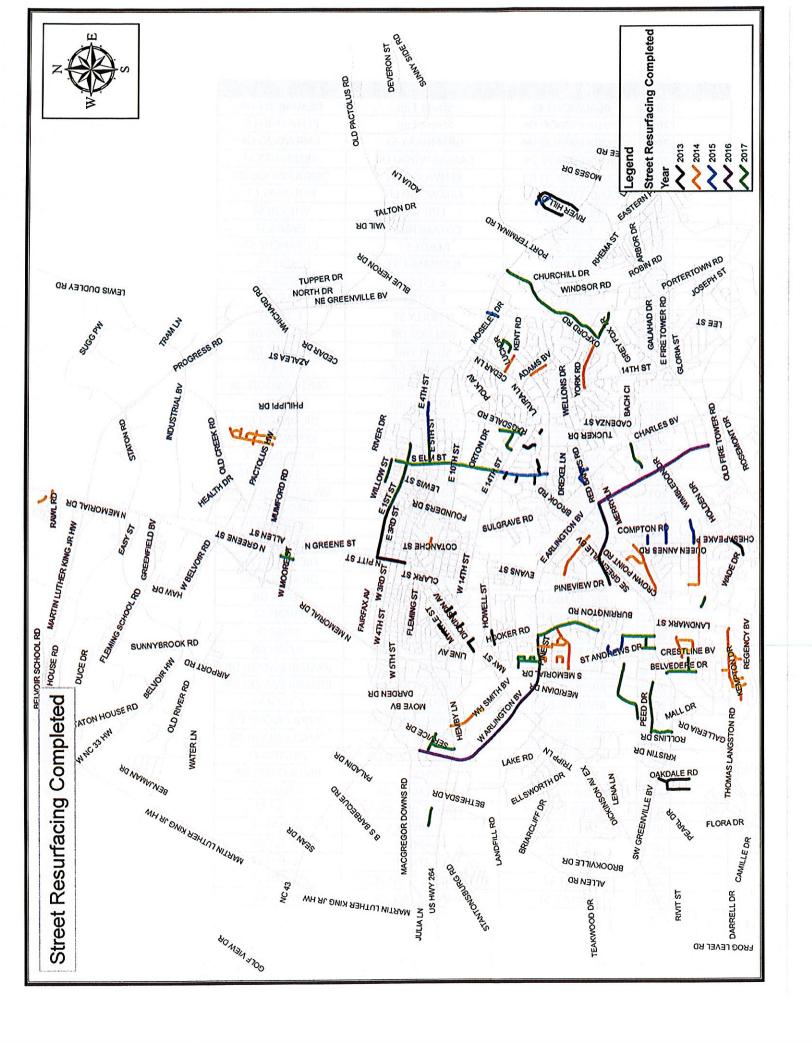

Additional roadways that are planned for rehabilitation, with proposed year of construction, using the Transportation Bond proceeds are as follows:

Road	То	/From	Year	Estimate
W. Arlington Blvd	Greenville	Hooker	2019 (in design)	\$3.25M
E 5 <sup>th</sup> Street	Holly	10th St	2018	\$1.25M
Hooker	Greenbrier	Horseshoe	2018	\$125K
Red Banks	E. Arlington	Charles	2018	\$175K
TOTAL				Approx. \$4.8M

Please see the attached figures and table which provides a more detailed listing of the streets that have been resurfaced utilizing funds from Powell Bill/General fund and the Transportation Bond between 2013 and 2017.

Additionally, the roadways that are currently advertised as part of the 2018 Street Resurfacing Program construction bid are attached. They are shown in an attached map as well as a listing of the roadways in the construction bid document. Bid prices for this contract will govern if the City can address all of the roads in the attached table utilizing available funding.

# Memorandum

Find yourself in good company

To:

Ann Wall, City Manager

From:

Mark Holtzman, Chief of Police

Date:

April 24, 2018

Subject:

Lighting and Camera Update

City and GUC staff are currently working on several lighting upgrades and installation projects this fiscal year. Uptown and West Greenville specifically were given a priority and both areas have seen new lighting improvement. The Uptown conversion specifically is still slated to receive adaptive lighting for the decorative poles which will be controllable to allow for increased lighting during peak times. West Greenville received new lights in several areas to balance out the lighting distribution and to eliminate historically dark areas.

Staff are also working to develop a multi-year conversion plan for the remainder of the city which should be finalized in the near future. This city-wide conversion plan is scheduled to begin after July 1, 2018, where work will begin north of the river and move in a "clockwise" pattern around the city.

# Lighting Conversions and New Installations

GUC has completed 75% of the active requests received for this fiscal year for a total of just over 425 conversions or new light installations. Of these, the majority are in the Uptown area but others include a second round of lighting requests in West Greenville that were needed to 'infill' areas that were identified after the initial conversion last year. These infill lights help to eliminate dark areas and create a more consistent and even street lighting distribution. Other areas recently completed include Sterling Point and Lakewood Pines. Additionally, GUC is nearly complete with the Arlington Boulevard conversion to LED (Evans to Firetower - 87 lights) and will begin working on Kearney Park (21 lights) immediately following.

# **Public Safety Cameras**

Work continues as well on the City's public safety camera system upgrades. This fiscal year the IT department has worked closely with GPD to identify areas of priority throughout the city. To date 32 new cameras have been installed; total expenditures on cameras this fiscal year are estimated at \$317,000.
