Critters Undercover *at River Park North*

River Park North is home to a variety of reptiles and amphibians that live in and around our wetlands. We will try to uncover some of these creatures as we make our way through the park. Snakes, frogs and salamanders are all hiding in the park and we need your help to uncover and discover them. Join a park staff member as we search for these rarely seen and little known park animals that reside and hide at our park. Preregistration is required. Maximum of 10 participants.

453018.01 Saturday May 6 9:00 AM–11:00 AM

Fee: \$5; Discounted Greenville Residents \$3.
