

Special Use Permit Application

Boards of Adjustment in North Carolina function as a quasi-judicial body. Therefore, ex parte contact between applicants, other interested person, or their respective representatives and members of the Board is inappropriate and not permitted. This guideline is reflected in the Rules of Conduct of the Greenville Board of Adjustment. Rule 4-5 states:

No Board member shall discuss any case with any parties in interest prior to the public hearing on that case, provided however, that members may receive and/or seek information pertaining to the case from any other members of the Board. (VIOLATION OF THIS RULE SHALL BE CAUSE FOR DISMISSAL.)
Rules of Procedures, Zoning Board of Adjustment, Greenville, North Carolina.

INSTRUCTIONS FOR FILING AN APPLICATION FOR A SPECIAL USE PERMIT

1. The applicant for a special use permit must complete this application in full. The application must be signed by the property owner(s) or their authorized representative (See page 7). **This application will not be processed unless all information requested is provided.**

The Zoning Ordinance imposes the following General Restrictions on the use requested by the applicant. Under each requirement the applicant should explain, with reference to attached plans, where applicable, how the proposed use satisfies these requirements. Answers should be supported by facts when possible.

The Board of Adjustment may grant permission for the establishment of a listed special use if the Board finds from the evidence produced after a study of the complete record that:

- (a) Conditions and Specifications. That the proposed use meets all required conditions and specifications of the Zoning Ordinance and policies of the City for submission of a special use permit. Such conditions and specifications include but are not limited to the following:

Compliance with lot area, dimensional standards, setback and other location standards, off-street parking requirements, all additional specific criteria set forth for the particular use, Section 9-4-86, of Article E, and all application submission requirements.

- (b) Comprehensive Plan. That the proposed use is in general conformity with the Comprehensive Land Use Plan of the City and its extraterritorial jurisdiction.

- (c) Health and Safety. That the proposed use will not adversely affect the health and safety of persons residing or working in the neighborhood of the proposed use.

Such health and safety considerations include but are not limited to the following:

1. The safe and convenient location of all on-site parking and drives.
2. The existing vehicular traffic on area streets.
3. The condition and capacity of area streets which will provide access to the proposed development.
4. The visibility afforded to both pedestrians and operators of motor vehicles both on-site and off-site.
5. The reasonably anticipated increase in vehicular traffic generated by the proposed use.
6. The anticipated, existing and designed vehicular and pedestrian movements both on-site and off-site.

- (d) Detriment to Public Welfare. That the proposed use will not be detrimental to the public welfare or to the use or development of adjacent properties or other neighborhood uses.

- (e) Existing Uses Detrimental. That the proposed use would not be adversely affected by the existing uses in the area in which it is proposed.

- (f) Injury to Properties or Improvements. That the proposed use will not injure, by value or otherwise, adjoining or abutting property or public improvements in the neighborhood.

- (g) Nuisance or Hazard. That the proposed use will not constitute a nuisance or hazard. Such nuisance or hazard considerations include but are not limited to the following:

1. The number of persons who can reasonably be expected to frequent or attend the establishment at any one time.
2. The intensity of the proposed use in relation to the intensity of adjoining and area uses.
3. The visual impact of the proposed use.
4. The method of operation or other physical activities of the proposed use.
5. The noise; odor; smoke; dust; emissions of gas, particles, solids or other objectionable or toxic characteristics which are proposed or that can reasonably be expected to be a result of the operation of the proposed use.
6. The danger of fire or explosion.
