INSTRUCTIONS:

This form is to be completed by **every EMT-Basic, EMT-I and EMT-P Provider** in Pitt County. Please submit the report to the Division of EMS every six-months. Reports run from January through June and are due by July 31st. Reports for July through December are due by January 31st. **Remember ALS skills review is required annually for EMT-B, EMT-I and EMT-P's.** Write in the total number of classroom and clinical hours you have completed during the six-month period. Also document the source of those classroom and clinical hours. **Copies of certificates, cards, and any other documentation to support your report must be attached.**

*****EMT-I and EMT-P:** All mandatory topics must be attended once in a four-year credential period. **Skill reviews will be completed yearly unless noted otherwise in the EMS protocols** (as approved by NCOEMS). **EMT-I and EMT-P providers** must complete the basic skills in the last year of your credentialing period. **EMT-Basics** must complete basic and advanced skills annually and all mandatory topics every four years.

****Turn page over for mandatory topic listing for both basic and advanced levels. Please indicate the dates of completion of these mandatory topics on the appropriate line provided.**

I hereby certify that the continuing education activities reported above are accurate. I understand that falsification of continuing education records may result in my immediate suspension and subsequent revocation from Basic and Advanced Life Support privileges in Pitt County.

Signature: _____ Date: _____
